Start Your Child's Savings Journey Today!

April is Financial Literacy Month—the perfect time to teach kids the importance of saving and smart money management. At Bellwood Credit Union, we're dedicated to helping young savers develop strong financial habits that last a lifetime.

Building healthy financial habits early sets kids and teens up for long-term success. A savings account provides a secure place to grow their

money, while a student checking account gives teens hands-on experience managing their finances. Learning to save, spend, and budget responsibly now builds confidence and essential money skills for the future.

This Financial Literacy Month, take the first step toward your child's financial future. Open a savings account today and set them on the path to lifelong financial success!
